We exist because of you. We desperately need your help. Please make a one-time or (even better) a monthly donation. Significant funding is needed

to finance our provincial town hall tour and related expenses.

With a pending provincial election which can be called at any time over the next 6 months, now is the time to look for an independent candidate! **Please donate** as much as you are able. This is an important cause that will ultimately help you as well as your family.
