## BIO

Founder, Salvatore Vetrol, is a compassionate person, whose main interests focus on freedom and justice.

He spearheaded the David Eby Recall campaign over Bill 36 (2023). The Health and Professions Act changed the very fabric of health care in BC, and yet few were even aware of it. The secretive legislation was not thoroughly debated, and was passed without public consultation.

While not obtaining enough signatures for a successful recall – very few have succeeded over the past 30 years due to the onerous nature of the Recall and Initiative Acts of BC.

Sal successfully partnered with Bill Vander Zalm in 2011, to defeat the HST plan.
